Moen ● 2816 Bristol Circle, Oakville, Ontario L6H 5S7 ● Tel: (905) 829-3400 ● Fax (905) 829-3500

August 2015

Dear Valued Customer,

Providing the products and finishes your customers want most is just one more way Moen helps you optimize your sales. This means not only introducing new, on-trend collections, but also phasing out styles and finishes that are near the end of their lifecycle. To determine the styles and finishes for 2016, Moen has reviewed market trends, sales data and feedback from you as part of this process.

Several new collections have already been introduced in 2015 – new collections for the kitchen, include STō® and Align® with MotionSense®, Voss™, Notch™ and Belfield™; and the Wynford™ bath collection with matching accessories; expanded matching lighting, curved shower rods and decorative grab bars offerings; and the Commercial M-DURA™ Modern Suite. Along with these additions come some **deletions**:

- Fina® bath suite and matching accessories
- ioDIGITAL® roman tubs and shower only valve and trim kits
- Select Brantford and Arbor kitchen skus
- Select slow moving parts within Moen Wholesale, Bath Accessories, Commercial®, and Cleveland Faucet Group® (CFG) product lines

The deleted products will ***target*** availability through February 1, 2016. Inventory will be planned according to this date**. Faucet and valve orders placed by November 1, 2015 will be guaranteed for shipment.** Orders placed ***after*** this date may be at risk for fulfillment. Moen will make every effort to fulfill orders placed after November 1st. If we do not have available inventory, you will be contacted by your Customer Service representative. Moen will continue to take orders for all deleted products until all inventories have been depleted.

We will continue to accept orders for Moen Accessories products through February 1, 2016 on a subject to availability basis. If we do not have available inventory, you will be contacted by your customer service representative.

In accordance with our policy, Moen will not accept returns on discontinued items.

I'm confident that these deletions, combined with our recent product introductions, make the Moen product lineup stronger than ever. Thank you for your continued support.

Sincerely,

John Hammill
Vice President of Sales, Wholesale
